claims 14 to 16 that is an apparatus claim (i.e., system claim) not a method claim.

4. The following is an Examiner's Statement of Reasons for Allowance:

The cited prior art as discussed above disclose various apparatus and method for generating electrical output signals as a function of acoustic input signals that is having two input converters (i.e., microphone), but fails to disclose or suggest the specific mismatch of gains (from a mismatch controlling or generating unit) that are specifically depending on the spatial angle and frequency of the two received signals from the two converters and with the mismatched gains are individually applied or installed to the input signals, and including other limitations as recited in the claims and disclosed in page 9, line 26 to page 12, line 12 of the disclosure. Applicant's invention comprises a particular combination of elements and functional steps as recited in independent claims 1 and 13 that is neither taught nor suggested by the prior art.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
